Re: Fco Jose Sanz Gonzalez De Martos

To Whom it May Concern:

This letter is to verify that Mr. Fco Jose Sanz Gonzalez De Martos, who is diagnosed with Cowden's disease, has been referred to the National Cancer Institute (NCI) of the National Institutes of Health (NIH) for participation and treatment in a research protocol for Cowden's disease. The NIH is a federal research institution located in Bethesda, Maryland. The NIH offers treatment to U.S. and non-U.S. citizens for various diseases as clinical studies and provides medical treatment while patients participate in research studies. There are no medical costs to the patients who participate in our research studies.

Mr. Fco Jose Sanz Gonzalez De Martos's initial appointment at NIH is scheduled for December 15, 2009. He is expected to stay here for approximately two months to complete his period of treatment. Following this, he will frequently return to NIH for follow up treatment, evaluations, and monitoring for a period of 18 months.

Should you have any questions, do not hesitate to contact me at (301) 496-0929 or dennisp@mail.nih.gov.

Sincerely,

Phillip A. Dennis, M.D., Ph.D.
